Introduction

- Welcome and **thank you** for participating in Town Government.
- This handbook covers the types of Boards, Committees, Commissions, and Ad Hoc Workgroups in Charlemont on which community members can serve.

Membership

Joining a board, committee, or ad hoc workgroup

Most volunteers in Charlemont's Town government roles are elected. Others, depending on the position, may be appointed by the Select Board or the Moderator. (Please see Appendix A for a list of volunteer positions in Town government.) The Select Board also can appoint people to fill vacancies that arise between elections. As the need arises, the Select Board can also appoint members to *ad hoc* work groups.

To be elected to a board or committee, you must follow these steps:

- 1) Register to vote in Charlemont
- 2) Take out nomination papers for the office to which you would like to be elected. These papers are available from Town Clerk in Town Hall during regular office hours.
- 3) Collect at least 20 valid signatures from other registered voters in Charlemont on your nomination papers
- 4) Submit your nomination papers to the Town Clerk by the deadline, usually in April before Town elections.
- 5) Receive more votes than your opponents in the Town-wide election.

It also is possible to run for office as a write-in candidate. Please contact Town Clerk about this option if you have missed the nomination papers deadline but would like to be considered for a position during the upcoming election. Your name will not appear on the ballot in this case.

Once elected or appointed to your position of choice, you will need to be sworn in by the Town Clerk. This step often can be handled at the time of election or appointment, but it also is possible to schedule another time to be sworn in, if necessary. When you are sworn in, Kathy will give you information about Open Meeting and Conflict of Interest laws that must be followed in your role with the Town. For more information, please call her at 339-4335, extension 7, or email town-clerk@charlemont-ma.us.

When your term is up

The Town Clerk sends an email notice when a volunteer term expires to help keep track of the volunteer's term and allow the volunteer ample opportunity to submit a request for re-appointment as the expiration date approaches or instruct them they will need to take out nomination papers for re-election if required.

Resigning from your role with the Town

If you are unable to serve the full length of your term as an elected or appointed Town volunteer, you will need to follow these steps to officially resign from your position:

- 1) Notify your board or committee immediately.
- 2) Submit a written and signed letter of resignation to the Select Board.
- 3) Return any keys or other Town property you may have to the Select Board office.

Filling vacancies on boards, committees, and ad hoc workgroups

A list of vacancies will be kept in Town Hall and posted on the Town website.

Filling vacant positions on Town boards and committees can be a very difficult task.

Because it is important to have the members of boards and committees work well together, the Select Board and Moderator prefer to appoint new members to fill vacancies who have been approved by the board or committee with a vacancy. In some cases, such as when a committee has become inactive for a certain length of time and/ or fails to nominate someone to fill a vacancy after 30 Days, the Select Board reserves the right to find someone to fill that vacancy without approval of the board or committee. Ideally, however, your group will nominate someone to fill a vacancy. If your group has difficulty finding someone to fill a vacancy, please ask the Select Board for assistance.

Once your board or committee has found someone to fill a vacancy please:

- 1) Vote to nominate that person to fill the vacancy.
- 2) Send a letter to the Select Board or Moderator, as appropriate (please see Appendix A for the appointing body for your group), asking that the nominated person be appointed to fill a vacancy.

The Select Board may ask to have a brief appointment with the nominated person before appointing him or her. Once appointed, the new member of your group will need to go through the swearing in process described above.

Training

Some Town volunteers, such as members of the Board of Assessors, must take formal training within a specified amount of time after appointment or election. Please see Appendix A to learn about any training that may be required to serve on your board or committee.

In addition to required trainings, you may find it helpful to pursue other types of education that will help you be the best volunteer board or committee member you can

be. Other members of your board or committee can recommend training sessions that they have found helpful in the past. You can find other training opportunities listed in Appendix B, Resources, at the back of this handbook.

If your board or committee would like assistance obtaining a particular type of training, please contact your Select Board liaison.

Communication

Select Board Liaisons

Members of the Select Board serve as liaisons to the Town's other boards, committees, and departments. The liaison roles are an important means of sharing information in Town. For a current list of Select Board liaison assignments, please see: <http://www.charlemont-ma.us/town/select-board>

Your liaison will reach out periodically for updates. If your board, committee, or department has important news or questions, please keep your liaison informed.

Town Administrator

The Town Administrator also serves as a point of contact for the Town's volunteers. Because they are in Town Hall daily, they can be of assistance when immediate questions or concerns arise. She can be reached at 339-4335, extension 8. They also maintains a spreadsheet with details about the activities and concerns of the Town's boards and committees. The chair of your group provides updates to them monthly for this document, which is a useful tool for staying up-to-date about the numerous activities of Town government.

Town Meeting

Representatives of the Town's boards and committees should plan to attend Annual Town Meeting in the spring. You may be called upon to answer important questions about the work of your board or committee.

Annual Report

Each board, committee, and department must submit an annual summary of activities to be included in the Town's Annual Report. These summaries help town residents understand the scope of work undertaken by volunteers and town employees during the previous year and provide an opportunity to preview any upcoming issues that may be of interest to voters. Distributed at Annual Town meeting each spring, these Annual Reports cover the time frame of the previous calendar year. For instance, the Annual Report presented in the spring of 2016 will include summaries of work done between January and December 2015. Annual report submissions should be prepared in January and submitted by email to the Select Board via the Executive Secretary (selectboard@townofcharlemont.org) **no later than January 31**.

Charlemont Economic Development Roundtable (CEDR)

This citizen advisory group was founded by the Charlemont Planning Board and later spun off as an independent organization that is no longer affiliated with Town government. CEDR meets monthly. Approximately once per quarter, CEDR meets with the Select Board, Planning Board, and Board of Health to work on the Town's key economic development issues, currently identified as: internet access, cell phone access, water / DEP regulations, and the sustainability of the Sewer District (which serves the village center and is not part of the Town government). You can subscribe to the CEDR listserv here:

WiredWest and the Massachusetts Broadband Institute

The Massachusetts Broadband Institute recently finished a "middle mile" project bringing high-speed internet to anchor institutions (town halls, schools, community centers, etc.) in these towns. WiredWest, a cooperative of rural western Massachusetts towns including Charlemont, and MBI are now working together on the "last mile," connecting homes to the new "middle mile" infrastructure.
