## Looking for Vintage Bake-Sale Recipes

Teachers at Mohawk Trail Regional School and I are working with the Smithsonian and Mass. Humanities to bring “Museum on Main Street: Voices and Votes” to the school from April 19 to May 31, 2025. This traveling Smithsonian exhibit is coming to only six towns in Massachusetts. We are honored to have been chosen.

The teachers and I are responsible for hosting the exhibit ... but also for creating and arranging local programs that will reflect and augment its themes of voting and elections. One of these programs will involve cooking. We know that many municipalities host bake sales on Election Day. We’re looking for vintage recipes for goodies that might have graced bake sales in days of yore. The culinary students at Mohawk will make and share some of these with the public.

Do you have a recipe that would work for this from your parents, grandparents, or other relatives ... or from a beloved elderly cookbook in your home? If so, please get in touch with me, Tinky Weisblat, by emailing [puddinghollow@gmail.com](mailto:puddinghollow@gmail.com).

We hope you’ll share a story about the recipe’s significance for you as well. Happy baking!
