

NEW QUICK PRINT FEATURE IN ASSESSOR'S GIS MAPPING PROGRAM

A new built-in feature in AxisGIS makes it easy to generate a clean parcel map without opening the full print configuration tool.

This standard feature eliminates the need to open the full Print configuration tab when you only need a simple map that:

- Highlights the selected parcel
- Displays the parcel address as the title
- Generates a ready-to-print map instantly

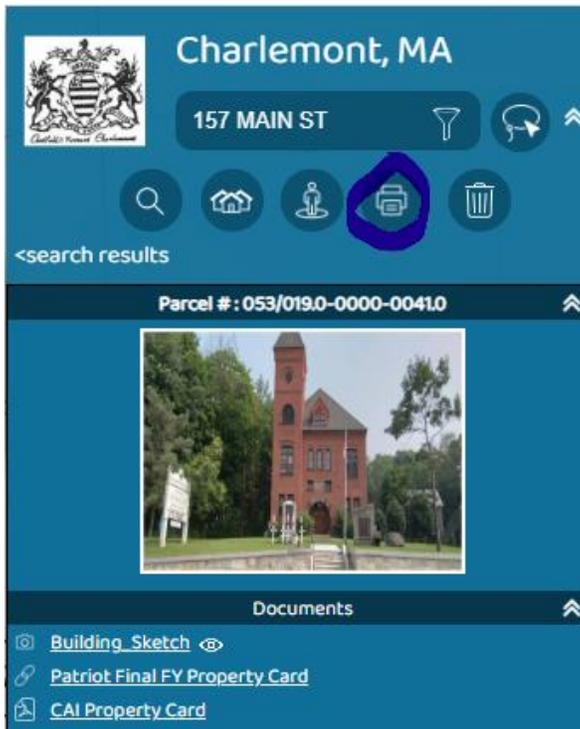

How Quick Print Works

On the Assessor's page of the Town Website: [Board of Assessors - Town of Charlemont](#), slide down to the heading **Tax Maps** and click on the link to the GIS mapping site: <https://next.axisgis.com/CharlemontMA/>.

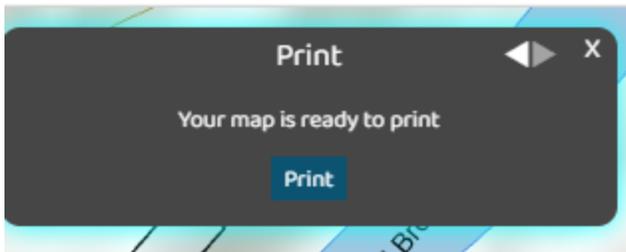

Once on the site, type in the address or owner name of the property and select it.

When the property comes up, select the Quick Print button:

Select Print and a pdf of the parcel map is instantly generated and ready to print.

157 MAIN ST, Charlemont, MA

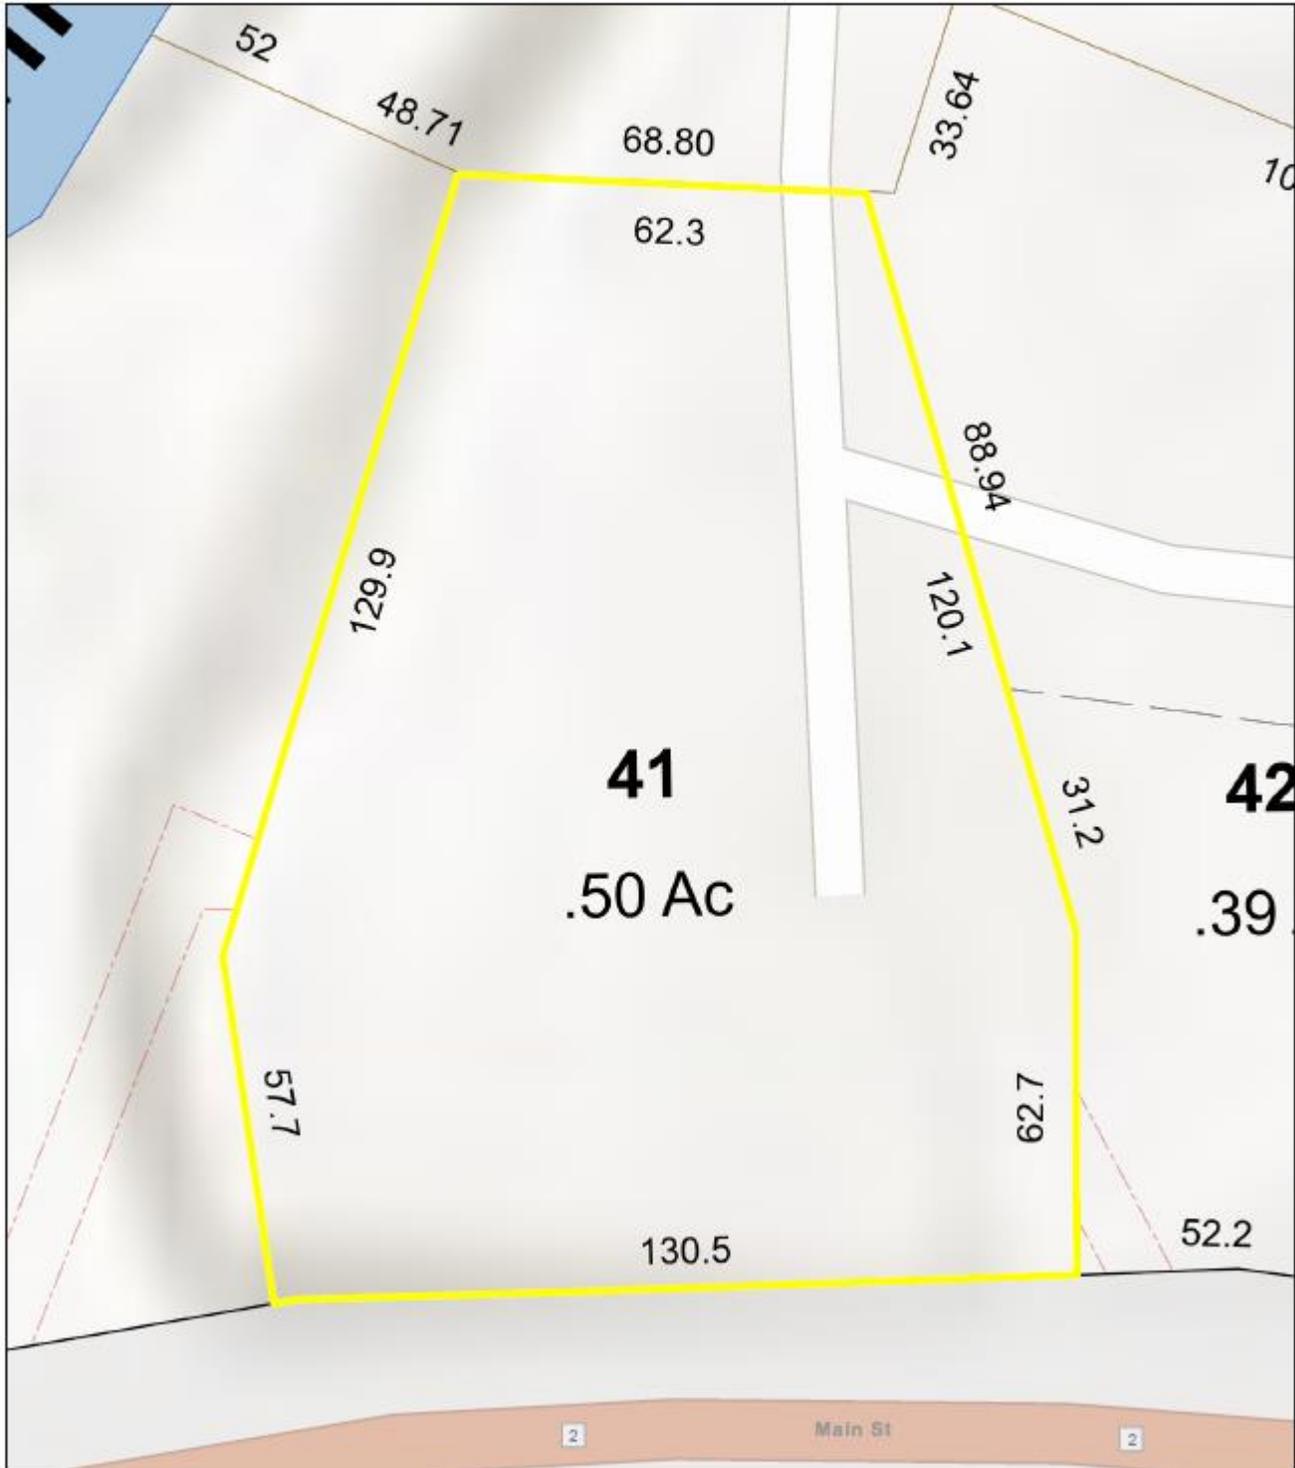

Map/Lot: 053/019.0-0000-0041.0

1 inch = 30 Feet
